## Bingo House Rules

- 1) The first game begins promptly at 7 PM.
- 2) Only one admission card or package can be purchased per player. Every person entering the bingo hall, including minors, must purchase at least an admission card or package. No person shall play more than one admission board or package.
- 3) No child under the age of 10 shall be admitted to our bingo hall. You may be asked to provide proof of your child's age.
- 4) Children shall be accompanied and controlled at all times by responsible adults.
- 5) No seats can be saved using bingo cards, daubers or other items.
- 6) Bingo cards are sold randomly; players shall not select their own cards or packages.
- 7) No bingo card shall be exchanged unless it is defective due to a manufacturing error, or it is an exact duplicate of another card purchased *by the same player*.
- 8) Ink daubers must be used for all games played on newsprint paper cards.
- 9) A Regular Game of bingo is a game that can be played using a face-card included in the admission package. Opportunities to participate in Special Games, Including Early Bird (share the wealth) games, must be purchased separately.
- 10) No ball is official until the letter AND the number have been announced by the Caller. A ball appearing on the TV monitor is not official until announced by the caller.
- 11) A call of bingo will be honored and the winner paid until both the letter and number of the next ball drawn have been called. Once the Caller announces the letter of the ball, the number must also be announced. No call of bingo will be honored after an announcement has been made that the game is "officially closed".
- 12) Flash boards are a convenience to the players. Winning cards will be verified electronically after the floor checker reads back the free space number of the players winning pattern. The winning pattern will be highlighted in RED with the last number called flashing, and the word BINGO appearing on the TV monitor. If there is a discrepancy between a number appearing on a ball drawn and a number appearing on the flashboard, the number on the ball drawn is official.
- 13) A player must complete a winning bingo pattern on the last number called. A "sleeper" is ineligible to win a prize associated with a winning pattern after the next ball has been called.
- 14) It is the winning player's responsibility to stop the game by raising his or her hand and calling out "BINGO" loud enough to be heard.
- 15) Disorderly persons will be asked to leave and no refund will be offered.
- 16) Power outages are beyond our control. Therefore, no refunds will be made if a power outage occurs after the games begin.
- 17) All problems, questions and / or disputes will be resolved by the Members in Charge. Their decision is final.
- 18) All of our workers are volunteers and are conducting these bingo games solely to raise money for our organizations' charities. Our volunteers are prohibited from participating in the games in any way. Please do not ask them to watch your cards.
- 19) Players are responsible for the Bingo opportunities they have purchased. Lost or misplaced Bingo opportunities cannot be replaced free of charge.
- 20) We thank you for your patronage and support. We hope you win, but please keep in mind that the primary purpose of these games is to have fun and help us raise money for our charitable endeavors.
